

Martin Schneider **Vice President and Chief Information Officer**

Martin Schneider is Vice President and Chief Information Officer for VF Corporation. He is responsible for developing and executing strategies to integrate and align technology with VF's business plan objectives.

Prior to joining VF in 2006, Schneider served as Vice President of Global Technical & Manufacturing Systems for The Gillette Company in Boston, Massachusetts, where he was responsible for all order-to-cash manufacturing, supply chain and procurement systems on a global basis. During his tenure with Gillette, Schneider also served as the Director of Eastern Hemisphere Shared Service Center in Germany and as Chief Information Officer for Duracell.

Schneider holds a B.S. degree in Chemical Engineering from the University of New Hampshire in Durham.
